

SHERIDAN, WYOMING

Howdy %%FIRST:Partner%%

The Big Horn Mountains received up to a foot of new powder over the past week. Off Trail Snow Base has a wide range of six inches up to four feet, with a 60% chance of snow again this week!

Come ride this boondocker heaven in vast open meadows and on 300 miles of groomed and 50 miles of ungroomed trails just awaiting you . . .

"Never seen so many vast open play areas for such diverse experience levels!" excitedly comments Blake and Meg Allen, '*Sledding the West*' film producers. "We have NEVER been on such beautiful, scenic off-trailing, with the combination of evergreen trees, beautiful tumbling waters and the peaceful serenity of the snow."

SnoWest Magazine also praises the Big Horns as "one of the West's best-kept secrets - offering solitude, scenery and GREAT SNOW!" The Big Horn Trail System is perpetually rated in the Top 15, with the nearest trailhead just 15 miles southwest of Sheridan at Red Grade Road. With 100% 'real', dry powder,

challenges and excitement continue into April!
