Events feature classic equine events like polo, steer roping, bronc riding and wild cow milking, beginning both days at 11 a.m. The Big Horn Equestrian Center's few fences and big fields put the crowd right in the middle of all the action. Sunday features

polo, the first rounds of the Wyoming Steer Roping Finals and wild cow milking. Taking place on Monday are polo, steer roping and the matched bronc riding.

The clubhouse is rockin' and rollin' both days and into the evenings. Each day, following the events "on the grass", there will be live music at the clubhouse and everyone is welcome.
